About

Cybersecurity-focused Computer Science student with experience in security engineering, GRC, SIEM tuning, and business continuity. I work with modern security frameworks and enjoy strengthening organizational security through clear, practical technical work.

Experience

Trace3

Louisville, KY

Security Engineer Intern

May 2026 – Present

- Drafted data governance, security, and compliance assessment proposals for multiple customers including government contractors in line with NIST CSF 2.0, NIST SP 800-171 and CIS Critical Security Controls.
- Created an Incident Response tabletop exercise for C-suite and IT risk management teams involving critical business management platform failures.
- Led research and drafted Statement Of Work (SOW) proposals for CMMC level 1 and 2 engagements.

Greenstone Farm Credit Services

East Lansing, MI

Information Security Intern

May 2025 – August 2025

- Co-led the creation of a company-wide Business Continuity Plan (BCP), presented the BCP Kickoff meeting to all department heads, and created guides and video walkthroughs for BCP unit and process owners.
- Oversaw the BCP Governance Team in collaboration with the Enterprise Risk Manager.
- Coded KQL queries to detect and filter false positives for DDOS attacks appearing in the SIEM.
- Designed HTML phishing emails with tracking links through Mimecast for employee awareness training.

Intellective

Remote

Support Engineer Intern

May 2024 – August 2024

- Provided IT support within the company and its partners in cooperation with employees from different countries and continents.
- Developed a maintenance webpage to reroute users directly from the company's web link.
- Assisted update rollouts and led research for upcoming deployments.

Education

University of Mississippi

Oxford, MS

Bachelor of Science in Computer Science, Cybersecurity - 3.74 GPA

(Projected) May 2027

Minor: Mathematics for School of Engineering

Certifications

CompTIA Security+ Certification (SY0-701)

July 20, 2026

Verification Code: a83b541afbad4b99adbdad3a245b26a0

Claude Certified Architect – Foundations

August 4, 2026

Verification Link: www.credly.com/badges/45ad420b-f577-4001-8801-597c47d7e558

Skills & Programs

Technical Skills: Java, HTML, C/C++, Bash, PowerShell, KQL, SQL

Familiar Programs: GitHub, Microsoft Sentinel, Microsoft Defender, NIST Cyber Security Framework, Mimecast
